

## "Nightingala" A Benefit for the Birds

Friday, October 27  
Mendenhall Inn  
Chadds Ford, PA  
6 PM to 10 PM

How do we save lives? Together.

Your support of the Benefit for the Birds makes our life-saving work possible. Every year, our Oiled Wildlife Response Team is called into action at least 6-7 times, and we are equipped, trained, and ready to respond because of the generosity of industry partners like you. We receive no federal funding and rely on the community, foundations, and private industry to fund our work. We are one of only a handful of organizations in North America that specializes in oiled wildlife care and we couldn't do it without you. We respond to spills in fresh and salt water, lakes, streams, in parking lots, on train tracks... anywhere.

Thank you for your consideration of this incredibly important fundraiser and networking event. The Benefit is our largest fundraiser of the year and an excellent chance to join us in celebration of what you have helped us accomplish and mingle with other small business and industry partners.

You can reach me at (302) 737-9543 x110 or at [pbauernschmidt@tristatebird.org](mailto:pbauernschmidt@tristatebird.org) if you have any questions or would like to know more about how your sponsorship moves us forward in oiled wildlife response and wildlife rehabilitation. We welcome all our sponsors and those considering sponsorship to reach out for a tour of our facilities to better see the work we do every day.

The animals whose lives we change cannot thank you, but we can. Thank you again for your consideration of our mission and of our patients.

Sincerely,

Paul Bauernschmidt  
Development & Marketing Director

*After nearly two months in care for a fractured bone and lead poisoning, this Bald Eagle returned to the wild in December 2022.*

## The Benefit for the Birds 2023
